- Storage: \$.17 minimum for 60 days, then \$.045 per month, prorated daily.
- Load Out: All grain loaded out will be charged \$.10 out charge
There is no load out charge for grain sold to ADM
- Billing: All invoices, discounts, and other charges will be settled before checks are written or before a load out occurs.
Grain receipted for a Commodity Credit Loan will have the storage prepaid thru the end of the loan before receipt is issued.
- Scale Tkts: It is your responsibility to make sure the scale ticket is correct before leaving the facility.
Name, Address, and Disposition of the grain should be clearly listed on the ticket
- Spot Sales: Grain delivered without a contract and not placed on storage will be priced at the closing market price on the day of delivery.

Wisconsin Deferred Payment Assessment:
.35% of the value of total unpaid grain will be assessed on all DP, Basis, and Minimum Price Contracts
